DKP53B

Handset Features (1)

- **Follow-me function** – This feature allows your calls to be directed to the extension of your choice, wherever you may be on the phone.
- **Personal time and date reminder** – Simply enter important dates or appointment times on your handset for a convenient reminder as they arise.
- **Convenient calculator** - No more hunting for a calculator while you are on the phone. The DV Series puts a calculator at your fingertips on display models.

Handset Features (2)

- **System Speed Dials** - Store a massive 1,000 phone numbers ready for instant speed dial.
- **GSM Facility** - An in-built GSM Card allows the DV series to connect to the telephone network wirelessly, just like a mobile phone.
